2 PUBLIC COMMENT PERIOD

Susan Parmelee, outreach coordinator for the North Santa Barbara County Manufactured Homeowners Team (NSBMHT), reiterated the group's desire for an enforceable rent stabilization ordinance.

Edwin Weaver, of Fighting Back Santa Maria Valley (FBSMV), requested that the organization be considered for the discretionary CDBG funds to help support their Safe Places program.

Ben Alberry, a resource teacher at a Catholic high school, spoke in favor of CDBG funding for FBSMV also and gave a few examples of the organization's projects.

Hans Duus distributed hats and an invitation to lunch on Saturday, May 11th being given by the Allan Hancock College (AHC) Welding Department Advisory Board where the awards would be presented for a welding competition.

Sara Macdonald announced she was attending the meeting as an observer for the League of Women Voters.

Steve Baird, President of Band of Brothers, spoke on the fireworks issues in the community, and how disturbing "off-hours" fireworks can be for veterans.

Britt Stanley spoke about the CADA Town Hall meeting being held Wednesday, May 8th at the Boys & Girls Club starting at 5:30 p.m.

Jose Varelas spoke on behalf of FBSMV, and thanked the Council for their support of its programs.

City Manager Stilwell commented that staff had been meeting with mobile home owners and park owners to address the situation of enforceable rent stabilization. At the last stakeholders meeting, participants decided to pursue Enforceable Model Lease 2020. The group is working to identify what the provisions of the Model Lease would be. Outreach continues to have other mobile home park owners and mobile home owners participate, as well.

Mr. Stilwell also introduced Jeffrey Marecic, the City's new Chief Information Officer.

Councilmember Waterfield commented that she hoped the City would involve Steve Baird in its fireworks efforts.

3 CONSENT CALENDAR

Councilmember Soto asked about Item 3I (The Low Carbon Transit Operations Program for the Youth Adventure Pass Program) and how youth would be able to access the bus passes.

Public Works Director McCune responded that the bus passes would be administered through the Recreation & Parks Department. 4 PUBLIC HEARING

A. **BLOCK GRANTS ADVISORY COMMITTEE'S RECOMMENDATIONS FOR ALLOCATION OF FISCAL YEAR 2018-19 COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM FUNDS.** The City Council conducted a public hearing and considered the Block Grants Advisory Committee's recommendation for the allocation of Fiscal Year 2019-20 Community Development Block Grant Program Funds. Community Programs Manager Rojo and Grants Specialist Vela gave a presentation as outlined in the staff report.

The Community Development Block Grants Program (CDBG) is a program administered by the United States Department of Housing & Urban Development (HUD). It was created over 40 years ago and provides local governments with grant funds to address a variety of needs in the community. CDBG allows local discretion as to how the funds may be used to best meet the needs of the community.

The City of Santa Maria is receiving more than $1.5 million this upcoming fiscal year. Of this amount, 20 percent or a little over $317,000 will be available for General Administration, 15 percent or a bit over $238,000 will be available for Public Services, and the remaining 65 percent or approximately $1,032,000 will be available for Capital Projects. An additional $132,000 was added to the entitlement amount due to the reprogramming of funds from previous CDBG projects bringing the total available funding for Capital to more than $1.1 million. The 20 percent administrative cap and the 15 percent public services cap are not negotiable. These are caps imposed by HUD.

It should be noted that $32,000 of the $132,000 available for reprogramming is from an existing 2015 Commercial Façade Improvement program. At the time, $50,000 of CDBG funding was allocated for area businesses to make improvements to the exterior of their buildings. However, due to CDBG restrictions in spending, the program has not been highly used. The project has since been flagged by HUD due to the lack of activity; and therefore, the Block Grants Advisory Committee (BGAC) and staff recommend that the project be closed out, and the funding be re-purposed.

At a community needs workshop in August 2018, it was determined that the top priorities in Santa Maria continue to be the prevention of homelessness and critical emergency situations, assisting at-risk youth, and those with special needs. Staff has received a total of 30 requests for funding. Six capital requests, totaling more than $1.3 million (less than $1.2 million is available for allocation) and 24 public service applications totaling more than $411,000 (approximately $238,000 is available for allocation.)

CAPITAL FUNDING

The BGAC recommends that the Capital funding be distributed between the following agencies: City of Santa Maria Recreation & Parks Department for the Paul Nelson Pool; Community Action Partnership's (CAPSLO) Minor Home Repair program, and Community Action Commission's Minor Home Repair program (the two programs differ as far as their scope of work and would not be a duplication of services); and the Tenant Based Rental Assistance (TBRA) Administration allocation. TBRA is a program that provides rental deposits for those whose income qualifies.

The BGAC also recommended allocations to Family Service Agency/Santa Maria Valley Youth and Family Center's Rehabilitation project and Good Samaritan Shelter. Additionally, in early April 2019, the City received what is considered program income in the amount of $25,000. Program income is CDBG funding that was used for a project, and the money was returned per the agreement. In this case, it was a residential rehab loan previously granted back in 1985. Because the funding belongs to CDBG, it must be used for a CDBG project. Thus, there is an additional $25,000 that can be used for Capital funding.

PUBLIC SERVICE FUNDING

The BGAC recommended 17 public service applicants for funding: the Alliance for Pharmaceutical Access; Catholic Charities; CALM; Coastal Valley Worship Center; Community Partners in Caring; CADA; Domestic Violence Solutions; FSA/SMV Youth & Family Center; Foodbank; Good Samaritan Shelter; Independent Living Resource Center; Legal Aid Foundation of SBC; North County Rape Crisis & Child Protection Center; SBC Sexual Assault Response Team; SMV Meals on Wheels; The Salvation Army; and the Unitarian Society of Santa Barbara Freedom Warming Center.

Public Hearing

Mayor Patino opened the public hearing at 6:40 p.m.

Joan Sampson spoke in favor of supporting Alliance for Pharmaceutical Assistance, and explained how the organization helped her save money on prescriptions as well as keep her on COBRA insurance for a permanent pneumonia condition.

Sarah Reinhart spoke in favor of Alliance for Pharmaceutical, and thanked the City Council for their support.

Ann McCarty spoke about North County Rape Crisis Center and their need for funding to continue providing 24-hour services to residents of the Santa Maria Valley.

Tony Mitchell spoke about the Senior Nutrition Program with the Community Action Commission in Santa Barbara County and their need for financial support to continue to serve meals at their centers.

Pat Keelean thanked the City Council for supporting CAC and their Healthy Lunch program through their discretionary funds last year. She added that she was disappointed that the BGAC did not choose CAC for funding this year.

Lisa Brabo and Judith Nishimori spoke about SMV Youth and Family Center and the much needed repairs, including the replacement of flooring that has been there since 1985. Part of their application was also for Crisis Mental Health funding.

Terri Zuniga and Mark Mueller spoke in support of the Safe Child Program which reduces school problems for youth, reduces delinquency, and gang involvement.

Julie Orr thanked the City Council for their continued support of Meals on Wheels.

David Coelho, with Catholic Charities, acknowledged the City Council for their support of reducing homelessness in the community.

Having no other requests to speak, Mayor Patino closed the public hearing at 7:03 p.m.

Council Discussion

Councilmember Waterfield asked what kind of volunteer projects, and how many clients, Community Partners in Caring (CPC) had.

Community Programs Manager Rojo responded that CPC volunteers give rides, help with household chores, home visits, etc. for the elderly. They serve 168 unduplicated clients providing 2,100 units of service (one unit of service equals one hour of service by a volunteer.)

Councilmember Cordero remarked that he always supports those organizations that meet an individual's most basic needs, and stated he would like his $5,000 discretionary funds to go to Community Action Commission to continue providing meals to underprivileged residents.

Councilmember Moats agreed and stated he would like his $5,000 to go to CAC as well, to meet HUD's $10,000 minimum requirement of funding for an organization.

Councilmember Waterfield stated she would like her $5,000 to be split evenly between the Santa Maria Meals on Wheels and Community Partners in Caring.

Councilmember Soto stated she would like to split her $5,000 evenly between the North County Rape Crisis & Child Protection Center and the Council on Alcoholism & Drug Abuse for the Teen Court Program.

Mayor Patino stated she would like to also split her $5,000 evenly between the North County Rape Crisis & Child Protection Center and the Council on Alcoholism & Drug Abuse for the Teen Court Program.

Community Programs Manager Rojo closed the item saying that staff would bring back the final action plan at the June 4th City Council meeting. A required 30-day public review period regarding the recommendations was currently underway. Those wishing to provide additional comments may do so through June 3rd.

Action: Allocate the extra $25,000 available for Capital to the Family Service Agency - Santa Maria Valley Youth & Family Center.
Moved by Councilmember Moats, seconded by Councilmember Waterfield.
Motion carried. 5-0.

Action: Approval to close out the Capital Facade Improvement Program, and re-purpose program income in the amount of $32,000 to Capital funds.
Moved by Councilmember Waterfield, seconded by Councilmember Moats.
Motion carried. 5-0.

Action: Adopt the proposed Capital projects allocations as presented.
Moved by Councilmember Waterfield, seconded by Councilmember Moats.
Motion carried. 5-0.

Action: Adopt the proposed Public Service allocations as presented.
Moved by Councilmember Cordero, seconded by Councilmember Waterfield.
Motion carried. 5-0.

5 REGULAR BUSINESS

A. **LAFCO AGRICULTURAL AND OPEN SPACE POLICIES.** The City Council considered providing comment to a request for comments from the Santa Barbara Local Agency Formation Commission (LAFCO) regarding its Agricultural and Open Space Policies.

Community Development Director Ng gave a presentation as detailed in the Council Agenda Report. On April 2, 2019, the City received a letter from the Local Agency Formation Commission (LAFCO) stating that the Commission was updating the current Agricultural & Open Space policies. Staff would like direction on a response to the proposed draft. Mr. Ng presented a photo showing the existing City boundaries and sphere of influence (south of the City adjacent to Orcutt.) As the City embarks on the General Plan Update and considers future annexation, the Agricultural & Open Spaces policy would play an important role. The General Plan Update time frame extends to 2040, and takes into consideration population and employment growth during that time frame. Population growth between now and then is expected to be about 30,000 with about 10,000 jobs factored in.

The LAFCO update includes a policy for approving annexations of prime agricultural land only if mitigation at a 1 to 1 substitution ratio for the conversion of prime agricultural land was agreed to by the applicant (landowner), and the jurisdiction with land use authority. Mitigation may be met by acquisition and dedication of farmland, agricultural conservation easements, payment of in-lieu fees, or other measures agreed to by the applicant and the land use jurisdiction. City staff believes that the proposed language requiring specific mitigation measures exceeds LAFCO's scope of authority. A response is due May 15th, and the item will be considered at the June LAFCO committee meeting.

Public Comment
Ken Hough, representing the County Action Network, spoke about the organization's Open Space Preservation Education Network Program, and encouraged the Council to accept LAFCOs proposed update and to grow the City up and within, not out into prime agricultural land.

Council discussion
Following a brief discussion of what determines prime agricultural land, Councilmember Moats commented that if the City wanted to annex land, it would be annexing prime agricultural land as that is predominantly what surrounded the City. He asked how that would work with the 1 to 1 substitution ratio LAFCO was requiring.

Community Development Director said the substitution could be in-lieu fees that would be charged to the landowner.

Councilmember Waterfield, the City's representative on the LAFCO Board, commented that both Marian Medical and Allan Hancock College would have to annex into prime agricultural land should they decide to expand. Lompoc has not been able to annex as they are landlocked, and it has affected their business expansion. She stated she believed the current policy was working for local cities, particularly since each had its own needs and limitations. She supported staff's proposed response language in the report and also recommended making the following changes (in reference to Attachment A on the staff report) in order for the LAFCO policy to be more in line with State Law: 1) no need to add an overall policy statement, but if it was to be added certain changes should be made, including: a) remove the word "strongly" in the second sentence; b) change the word "guiding" to "encouraging" in the fourth sentence; c) correct the typo in the fifth sentence where "reservation" should say "preservation"; d) delete the sentence defining what a policy is; e) change the sentence at the end of the paragraph to say: "The following language shall be used by Santa Barbara LAFCO when considering a proposal that would involve agricultural resources:" and 2) remove No. 5 as it is not necessary - if the City and the County wish to have an agreement to address the impacts of converting agricultural land or for any other purpose, they are already allowed to do so. She also said she agreed with staff that No. 6 regarding a 1 to 1 ratio exceeded LAFCO's scope of authority and would complicate the City's need to have affordable housing.

Councilmember Moats asked how LAFCO benefits the City of Santa Maria.

Councilmember Waterfield responded that much of LAFCO's work involves getting water districts set up for smaller cities. LAFCO is a State agency (there is one in every County) that encourages orderly growth and development.

Councilmember Soto commented that LAFCO was created to prevent urban sprawl, and encourage responsible growth. She added that she believed, as the City grew, that developer fees would not be enough to cover services that would be required to meet an increasing population. She also questioned how big the City of Santa Maria should become. She pointed out that the proposed policy update would not completely lock-in the City of Santa Maria, but rather was encouraging the City look at other ways to grow without having to take over agricultural land.

Councilmember Cordero asked if there was any property that was not in the Williamson Act (enables local governments to enter into contracts with private landowners for the purpose of restricting specific parcels of land to agricultural or related open space use). He proposed that staff find out which land was not part of the Williamson Act, and annex that as needed. He also felt it was important to explore expanding options east of Hwy 101.

Councilmember Waterfield stated she believed at Depot Street and Stowell Road, where strawberries are grown was already being developed with homes, so she guessed that area was not part of the Williamson Act.

Community Development Director Ng responded that staff would look into it.

City Manager Stilwell added that the definition of prime agricultural land is established in State law and includes undeveloped land that meets certain criteria, such as quality of soil, a specific carrying capacity of the land (number of animals the land could sustain), and value of soil or crop production.

Action: There was general consensus of the City Council directing staff to draft a response incorporating Councilmember Waterfield's comments above.

B. **FIREWORKS AND THIRD-PARTY ADMINISTRATIVE CITATIONS AMENDMENTS TO THE MUNICIPAL CODE.** The City Council considered amendments to the Santa Maria Municipal Code associated with illegal fireworks and provisions for enforcement.

Assistant City Attorney Patrick gave a presentation as detailed in the Council Agenda Report. At recent community forums, it was determined that there was no objection to safe & sane fireworks. The proposed ordinance would: 1) lessen the third-party administrative citation requirements by allowing a single individual to request a citation be issued, so long as sufficient proof of a violation was provided; 2) establish a social host responsibility provision for fireworks holding the person responsible for the home or property on which the fireworks were used to be held liable; and 3) add enforcement language to Chapter 9-3, Article 5600 of the Santa Maria Municipal Code, declaring that setting off illegal fireworks constitutes a public nuisance which may be abated, and would be punishable by a misdemeanor or administrative citation. The fine would remain at a level up to $1,000 at the discretion of the Code Compliance Officers.

Public comment
Louis Linney, representing TNT fireworks, spoke in favor of the amendments and encouraged City staff to do the follow-through on them. He also mentioned that illegal fireworks were cheaper than safe and sane fireworks as they are unregulated, and they appear to be available everywhere.

Council discussion
Councilmember Waterfield and Mayor Patino suggested increasing the fines and imposing them on the first offense.
Councilmember Moats suggested imposing fines that would cover the extra cost of policing.

Councilmember Cordero suggested fining $1,000 per device.

Action: Ordinance No. 2019-02 was introduced for the first reading, and continued to the next meeting for second reading and adoption, amending the Santa Maria Municipal Code concerning third-party administrative citations; adding enforcement and public nuisance provisions for illegal firework manufacture, possession, storage and use; and adding a fireworks social host responsibility provision.
Moved by Councilmember Cordero, seconded by Councilmember Moats.
Motion carried. Introduced as Ordinance No. 2019-02. Direction to staff was given to explore options for increased fines. 5-0.

REPORT BY CITY MANAGER
City Manager Stilwell reported that the next regular City Council Meeting would be May 21, 2019. Items on the agenda would include MOUs for SEIU, Fire, and SMPAMM labor groups; a Chamber of Commerce presentation on the regional economic development effort called Hourglass; two public hearings - a zoning amendment for the Serramonte Subdivision and an appeal of the Cox Bungalow project; a conceptual review of the Donatti Project; and a proposal for the City to enter into Monterey Bay Power.

ORAL REPORTS OF COUNCILMEMBERS AND OFFICERS (INCLUDING AB1234 REPORTS)
Councilmember Waterfield invited everyone to the upcoming Police Council golf tournament and comedy night (SMPCgolf.com).

Councilmember Soto reported that she hosted Coffee with a Councilmember; attended a meeting with the new Measure U committee member; and she announced that on May 13th, Future Leaders of America would be launching their Education Equity Campaign in an effort to ensure that all high school graduating seniors were eligible to apply to a 4-year university.

Councilmember Cordero reported that he attended the CDBG funded facilities tour; a meeting with a Family Services Agency representative; a United Way meeting; the Student and Citizen of the Year dinner; the Day of Prayer event; a meeting with CAUSE; the North County Economic Summit; and a friendraiser with the YMCA.

Councilmember Moats reported that he attended the CDBG funded facilities tour; the Boys & Girls Club fundraiser; the COLAB fundraiser; the Investment Committee meeting; and the Student and Citizen of the Year dinner.

Mayor Patino reported she attended a meeting with Patricia Keelean of CAC; the SBCAG Board meeting; the Earth Day Celebration and presented a plaque for Baily Hudson; a youth college tour; the welcome for Take Our Daughters & Sons to Work Day; a meeting with a Family Services Agency representative; two Rotary meetings; the Santa Maria High School Teen Advisory Committee meeting; the Day of Hope thank you celebration; the Youth Impact Awards; the Student and Citizen of the Year dinner; the National Day of Prayer event; the Grants Showcase at Marian Theater; and the North County Economic Forecast meeting.

RECESS - CLOSED SESSION
Mayor Patino recessed the meeting at 8:50 p.m. to continue the Closed Session.

CLOSED SESSION REPORT: ASSISTANT CITY ATTORNEY
Assistant City Attorney Patrick reported that there was no reportable action on either of the Closed Session items.

ADJOURNMENT
There being no further business before the City Council, Mayor Patino declared the City Council meeting adjourned at 9:20 p.m.

Approved at a regular meeting on May 21, 2019.
